

Ama-Deus®

To Love God

Love is the force that holds the Universe together.

Love is the act that brings hearts to the Truth.

Love is the act of offering freedom
to all souls to be what they are.

WHAT IS AMA DEUS®?

The physical world we live in is a world of matter composed of energy. As souls, we are energy in a physical dimension. Therefore, this matter that we are and that we live in can be affected by energy.

Ama Deus is not a religious dogma; it is a spiritual healing energy offered lovingly by the Universe as a tool to enhance our spiritual growth and awareness, and to support our physical and emotional healing.

The *Ama Deus* energy can be used to assist, to enhance, and to expand the human experience in the physical reality.

In Earth history, there are references from many cultures to the Divine Light and Love actively involved in human experiences.

Pure energy for healing purposes has been offered to humankind as the planet and its people have evolved to a sensibility open to the ancientness and foreverness of energy healings.

Many of these energy techniques have been on Earth for a long time; however, awareness was not always open to exploration of these healing energies. In the more recent past, there has been a reintroduction of these techniques into the world, and they have been openly and lovingly received.

THE HISTORY OF AMA DEUS.

The Guaranis Indians, who live in the heart of the Amazon in South America, are one of the oldest living cultures in existence. For centuries, the energy called *Ama Deus* has been a part of their culture.

In the recent past, the Guaranis passed this healing energy on to a Brazilian man, initiating him in their ancient ceremony and teaching him the sacred symbols that activate connection to the energy. This man, Alberto Aguas, was a well-known healer. He traveled the world sharing his unique gift of healing.

After his studies with the Guaranis, he dedicated his life to sharing and teaching this healing energy he called *Ama Deus*, which is Latin for “to love God.”

Elizabeth Cosmos was initiated into the knowledge of *Ama Deus* by Alberto Aguas in 1989 and has worked with the energy intensively since that time as a healer and a teacher.

In 2004, an instructors' level was opened and presently many instructors teach in North and South America.

THE AMA DEUS CLASS

In the *Ama Deus* class, students will participate in the ancient Guaranis ceremony of initiation. This ceremony symbolizes the willingness of each person to acknowledge his or her innate

ability to receive and channel this high-level energy. Each student is taught the ceremonial invocation that connects one to the flow of *Ama Deus* energy. This is the invocation that is used whenever one wishes to utilize the energy for support and healing enhancement.

Students will learn the nine sacred symbols that the Guaranis utilized in the work with this energy and will be guided in the use of this healing energy for themselves as well as for others.

During the class, guided meditations will be offered to assist each student in their personal healing.

Demonstration will be given, information will be offered, and all questions will be thoughtfully answered. This class is six hours long and meets in two three-hour sessions.

A second-level class for those who have completed the initial *Ama Deus* class also is available. This one-day seminar teaches additional sacred symbols.

CONCLUSION

As one utilizes the *Ama Deus* energy, one is opened to the opportunity for new experiences, new perspective, expansion, and enhancement. In connection with healing energy, one flows with the Light and Love of the Creator to renew, restore and give love.
